

HumiTime[®] Supreme Star 100

Description

HumiTime[®] Supreme Star 100 is extracted from high grade leonardite, leonardite provides a very high content of humic and fulvic acids and natural biological active trace elements. It is a concentrated humic acid substance and a 100% water soluble high quality plant growth stimulant and soil conditioner. Suitable for foliar application.

Specification(Typical analysis)

Appearance	Powder&Flake	
Water Solubility	100%	
Humic Extract	80% Min	
Humic Acid	65% Min	
Fulvic Acid	15% Min	
K ₂ O	12% Min	Wonderful Hard-water resistance
Moisture	12% Max	Low pH stable quality
pH	9-11	Higher Water saturation, 500g/L Min.
		Excellent compatibility with NPK

Benefits

- Increases yield and improves the quality of plants.
- Improves the soil structure and increases the water retention capacity.
- Increases and stimulates beneficial microorganisms.
- Enhances the soil cation exchange capacity (CEC).
- Increases the efficiency of fertilizers and reduces nutrient leaching.
- Promotes root development. Increases nutrient uptake.
- Decreases stress due to drought and/or application of pesticides.
- Increases the germination of seeds and enhances development of root.

Application

Soil Application: 8-20 kg/ha

Drip Irrigation and Flush Irrigation: 8-20 kg/ha

Foliar Application: 0.25-1.5 kg/1000 L water every 15 days during the season

* This recommendation may be varied according to the soil characteristics and local conditions.

Package: 20 kg Kraft bags with PE liner,
1 kg、5 kg、10 kg foil/PE bag, customized
Sealed well and store in cool and dry place.

Manufacturer & Distribution:Qingdao Future Group
Headquarter:Phoenix Plaza,Qingdao,China.
