

SeaferTime® Star L35

Description

SeaferTime® Star L35 is 100% natural seaweed extract from brown seaweeds such as Sargasso, Ascophyllum nodosum, and Laminaria. It contains natural plant hormones and various natural nutrient substances, trace elements, carbohydrates such as alginic acids, polysaccharide, etc. It can promote the growth of plant and improve resistance of plants.

Specification(Typical analysis)

Appearance	Liquid
------------	--------

Water Solubility	100%
------------------	------

Smell	Seaweed smell
-------	---------------

Alginic Acid	50g/L Min
--------------	-----------

Organic Matter	300g/L Min
----------------	------------

Cytokinin&Gibberellin	200ppm Min
-----------------------	------------

Amino acid	6g/L Min
------------	----------

Mannitol	5g/L Min
----------	----------

K ₂ O	50g/L Min
------------------	-----------

Rich Alginic Acid

Rich natural biostimulants

faster water soluble

Trace elements	20g/L Min
----------------	-----------

pH	8.0-10.0
----	----------

Benefits

- Rapidly complement the nutrients
- Improves blossom and fruit set, thicken, enlarge and balance the leaf growth, supply well-balanced crop nutrients
- Helps plants to endure environmental stress
- Promotes the development of shoots and roots
- Improves the fruit size
- Contains plant growth regulators like gibberellic acid
- Enhances quality of crops, vegetables, and fruits

Application

Soil Application: 4-10 kg/ha

Drip Irrigation and Flush Irrigation: 4-10 kg/ha

Foliar Application: 0.15-0.3 kg/1000 L water every 15 days during the season

* This recommendation may be varied according to the soil characteristics and local conditions.

Package: 1 L 、 5 L bottle

20 L、 200 L、 1000 L Barrel, customized
Sealed well and store in cool and dry place.
